About Mudgee Cranes

Mudgee Cranes is a proud family-run business providing expert mobile crane hire across the Central West. Since 2007 Mudgee Cranes have built a strong reputation for performance, safety, and reliability. We have mobile cranes ranging from 14T to 160T. As a local company, we're committed to delivering safe, efficient, and hassle-free lifting solutions with a personal touch. Backed by experienced operators and top-tier equipment, we get the job done right, every time.

Mudgee Cranes is a proud member of The Crane Industry Council of Australia (CICA), ensuring we stay up to date with industry best practices, safety regulations, and the latest advancements in crane operations.

All our operators hold High-Risk Work Licences (HRWL), demonstrating their expertise and commitment to safe and compliant lifting operations. Combined with our rigorous equipment inspections, CraneSafe, CrewSafe and mine-site inductions, we deliver reliable, professional, and industry-accredited crane services across the Central West.

Mudgee Cranes is also a proud member of Business Mudgee. Business Mudgee represents the community within the Mudgee Region in Central West NSW

CraneSafe®

BUSINESS MUDGEE

Mudgee Cranes specializes in safe, reliable, and efficient lifting solutions across the Central West. With a diverse of mobile cranes, we also provide rigging tagging and hire of specialized rigging gear. Our family-owned, local approach means we provide a personalized, customer-focused experience, ensuring every lift is done right the first time.

Our Team

Paul Tuck-Lee – Owner/Director: Paul has extensive experience in crane operations since 1986 under Hooper Engineering, having managed Mudgee Cranes since its inception in 2007. He purchased the company in 2011, bringing a wealth of knowledge to the business.

Jessica Tuck-Lee – Manager: Jessica has been with Mudgee Cranes since 2016, serving as both a crane operator, rigger and truck driver. Her hands-on experience and leadership skills contribute significantly to the company's operations.

Office Staff: 2 dedicated staff members responsible for accounts, compliance, and inductions to ensure smooth operations and adherence to safety standards.

Crane Operators:

- 8 x C0 crane operators (Over 100T)

- 1 x C1 crane operator (Up to 100T)

- 2 x C6 crane operators (Up to 60T)

Riggers:

9 highly skilled riggers (RA, RI & RB) to support safe and precise lifting operations.

Doggers:

15 experienced doggers providing essential assistance with crane operations.

With a skilled, diverse workforce, Mudgee Cranes is committed to delivering professional, compliant, and safe crane services to the Central West.

As part of our commitment to diversity and inclusion, 30% of our crane operators are women, highlighting our dedication to creating opportunities within the industry.

Mudgee Cranes are also a part of the Crane Trainee program, we currently have 2 crane trainees and will be open for applications in November every year.

5.0 ★★★★★

L. Craig 2024 via Google Reviews

"Absolute Legends
From initial contact to completion of the job, the staff were extremely professional, the lads on-site went above and beyond to get the job sorted in a timely manner.
Price was more than fair for the services
5 well-earned stars,
Mudgee Cranes Highly Recommend"

Trusted Lifting Solutions Across the Region

Mudgee Cranes proudly services all three major local mine sites: Peabody, Yancoal, and Glencore, delivering safe and efficient lifting solutions tailored to the mining industry. Beyond mining, we support local councils, energy providers, and businesses across the region, providing expert crane hire for critical infrastructure, maintenance, and construction projects.

With a strong reputation for reliability, a skilled team, and a diverse fleet, we're the trusted choice for lifting solutions across the Central West.
